Affordable. Stylish

Kitchen & Bath

DESIGN GROUP

Our **AIDEN** cabinet line is a frameless 5/8" thick melamine cabinet box with 5/8" thick melamine slab door and drawer fronts. The interior adjustable shelves are also made of the 5/8" melamine material and the back panel is a 1/4" melamine full back.

This cabinet line is only available with a toe kick, no crown molding, and has a drop-down door design in lieu of a light rail.

Standard with our Aiden Cabinet line are the soft-closing doors and drawers.

Hardware is available at an extra cost upon final selections.

Caring for your new frameless melamine cabinets:

Clean cabinets as needed using a lint-free cloth dampened with warm water. Dry well.
Wipe up spills, splatters and water spots as they occur, keeping cabinets and countertop surfaces dry.
Give special attention to areas near the sink and dishwasher that come in contact with moisture.
Do not use abrasive cleaners. Scouring pads, or powdered cleaners.
Do not use harsh chemicals such as ammonia and bleach.
Do not use solvent or petroleum base products such as nail polish removers or paint thinners.
Do not wax your cabinets.
Do not use pre-moistened dusting sheets or aerosol products specified for dusting.
Ready made cabinets for your ready made spaces.
Cabinetry that is ready made for you to fill according to your needs.

It's all in the
(Aiden) details..
